

From Pediatric to Primary Care

We treat all our patients at every age and stage.

At General Physician, PC, our Primary Care providers take care of patients in their teenage years through adulthood and into their senior years. Therefore, as you move from pediatric to primary care, we want you to know that we are here to assist you with any questions or concerns you may have, and that your privacy and care are very important to us. At your first transition appointment, we will work with you to create an individualized care plan that meets your needs.

Some of our services include:

- Wellness checkups and physicals
- Illness or injury visits
- Referrals for specialists
- Medications
- Health Insurance questions
- School or work forms

As a Patient-Centered Medical Home, your healthcare is our focus. General Physician, PC will help you to manage your health and utilize our services. We will communicate and coordinate with all your providers and specialists to keep you at your healthiest.
